

PHOTOGRAPHY AND FILM CONSENT

Mis-Cellaneous Theatre may use visual and audio equipment in some of its sessions to help the pupils get used to seeing and hearing themselves when recorded.

It is also a way of helping pupils to reflect and develop their work. Most of the film and pictures will be deleted at the end of the term; some will be kept to further promote Mis-Cellaneous Theatre and Workshops, through literature and local newspapers.

Any pictures used for publicity will not make any one individual identifiable with only first names used if necessary.

In line with the NSPCC and Local Authority guideline we need your permission to do this. Please tick the opt-out box on the Registration Form if you do not give your permission.

If you do not opt-out, we will take it that you **agree** for your child to be filmed or photographed, in line with the reasons stated above.

If you have any concerns regarding the above policy, please do not hesitate to contact the Coordinator on info@mis-cellaneous.co.uk.
